Added Attention

Supports Children's Learning

Buried Treasure Added Attention™ liquid plant-based formula helps support children's focus and learning. Today's distractions and lack of essential nutrients in your child's diet may cause your child to lose focus and attention in school or at home.

Ingredients such as our plant sourced DHA, GABA, DMAE and Endomembrane Lipid Complex supply nutrients to developing brains that help them focus.

In addition, B vitamin complex, minerals, and Gotu Kola are important for brain function.
